

Table Manners

Around this virtual table we..

Enthusiastically agree to **center** the voices of those that are traditionally marginalized in community settings (i.e., Indigenous, Black and Persons of Colour, LGBTQ+ people, persons with different abilities, etc.)

Trust each other's process - no fixing or saving is required;

Speak our truth in ways that **respect** other people's truth;

Participate by **invitation** and not demand;

Turn to thoughtful **curiosity** when we encounter something new to us;

Be mindful of how much **space** we take up;

Observe deep **confidentiality**; and

Encourage a sense of play and wonder.
